Human Trafficking is Slavery

Recruitment, harboring, transporting or procurement of a person for labor or services for the purpose of involuntary servitude, slavery or forced commercial sex acts. It forces people to do things they don't choose to do, with no option to stop and no hope of being released. Cases involving sweat shops, domestic service and brothels have all been identified in Austin and the surrounding areas. In many cases, victims are hiding in plain sight.

Zonta International

An international organization seeking to advance the status of women worldwide by improving the legal, political, economic, educational, health and professional status of women at the global and local levels through service and advocacy.
